A trading, manufacturing and wholesale company built around dependable supply.

M/s. S H TRADERS is a Bangladesh-based trading, manufacturing and wholesale company delivering high-quality products through trusted global sourcing and efficient supply chain solutions. The company imports feed ingredients, industrial chemicals and raw materials from reliable international suppliers, and serves businesses across Bangladesh with professionalism and integrity.

5+ YEARS OF EXPERIENCE	15+ COUNTRIES IN SOURCING NETWORK	1,000+ TONS MONTHLY SUPPLY	24/7 OPERATIONS
--	---	--	---------------------------------------

COMPANY DATA

Legal name	M/s. S H Traders
Nature of business	Import trading, manufacturing, wholesale distribution
Head office	Niketon, Gulshan-1, Dhaka
Branch office	Sonahat Landport, Kurigram
Coverage	Nationwide Bangladesh; sourcing across Asia, Europe and the Middle East
Year established	[Information not available on website]

CORE AREAS OF BUSINESS

01	Industrial & Specialty Chemicals Sourced from trusted international suppliers
02	Feed & Feed Ingredients Poultry, livestock and aquaculture
03	Building Materials Stone, bricks, steel and cement
04	Manufacturing & Processing Brick manufacturing and stone crushing
05	Essential Commodities Rice, wheat and other commodities

Five years of trading discipline, now backed by our own manufacturing.

S H Traders began in the import and wholesale of feed ingredients, industrial chemicals and raw materials, working with reliable international suppliers to serve manufacturers, farms and industrial buyers across Bangladesh. Over more than five years, that trading base has grown into a reputation for quality, competitive pricing and on-time delivery.

Alongside import operations, the company manufactures premium-quality bricks, processes imported stone at its own crushing facility, and supplies cement, construction materials, rice, wheat and other essential commodities — combining traded and own-produced supply under a single point of accountability.

PHILOSOPHY

Quality before volume

Every product is carefully sourced and quality-checked to meet customer expectations.

PHILOSOPHY

Partnership over transaction

Long-term relationships built through integrity, transparency and exceptional customer service.

PHILOSOPHY

Two capabilities, one partner

Global import alongside in-house manufacturing and processing for the construction sector.

Our Products & Solutions

Three supply lines — chemicals, feed and building materials — supported by manufacturing, processing and commodity trading.

3.1

Chemicals

3.2

Feeds

3.3

Building Materials

Chemicals

Reliable sourcing and supply of industrial, agricultural and specialty chemicals from trusted international suppliers. The current published range centres on amino acids and nutritional chemicals used in feed manufacturing and industrial formulation.

DL-Methionine Amino acid	L-Lysine HCL Amino acid	L-Lysine Sulphate Amino acid
L-Threonine Amino acid	L-Tryptophan Amino acid	L-Valine Amino acid
Limestone Mineral		

KEY APPLICATIONS

- Compound feed and premix formulation
- Nutritional balancing of poultry, livestock and aqua diets
- Industrial and agricultural chemical inputs

WHO WE SUPPLY

Feed millers

Premix producers

Manufacturers

Agricultural businesses

Industrial buyers

Bulk order capability with specification and quality verification before dispatch. Quotations issued within 24 hours of enquiry.

Feeds

Quality feed and feed ingredients for poultry, livestock and aquaculture – imported in bulk from reliable international suppliers and supplied to feed manufacturers, commercial farms and hatcheries across Bangladesh.

DDGS Protein ingredient	DCP Mineral source	Choline Chloride 60% Nutritional additive	Acidifier Feed additive
Emulsifier Feed additive	Toxin Binder Feed additive	Poultry Feed Finished feed	Fish Feed Finished feed

KEY APPLICATIONS

- Poultry, livestock and aquaculture nutrition
- Commercial feed milling and premix production
- Gut health, mineral balance and mycotoxin control

WHO WE SUPPLY

Building Materials

Dependable supply of construction and building materials for contractors, developers and industries – part traded, part produced in the company's own facilities.

PROCESSED IN-HOUSE Stone Imported stone processed at the company's own crushing facility and graded for construction use.	MANUFACTURED Bricks Premium-quality bricks manufactured by S H Traders for contractors and developers.	SUPPLIED Steel Construction steel supplied at project scale alongside cement and other materials.
---	--	---

ALSO SUPPLIED

Cement and general construction materials, supplied at scale for project requirements.

WHO WE SUPPLY

Contractors	Real estate developers
Construction companies	Industrial projects

Commodity trading and an international sourcing network.

ESSENTIAL COMMODITIES

Rice

Wheat

Cement

Other essential commodities

Supplied alongside the three core product lines as part of the company's wholesale operation.

SOURCING NETWORK

15+

COUNTRIES IN THE SOURCING NETWORK

Feed ingredients, industrial chemicals and raw materials are imported from trusted international suppliers, with market activity across Asia, Europe and the Middle East.

Serving industry, agriculture and infrastructure.

S H Traders supplies industries, manufacturers, agricultural businesses and construction companies – the four customer groups the company identifies as its long-term partners.

01

Feed Milling & Animal Nutrition

Amino acids, protein ingredients, minerals and additives for compound feed and premix production.

02

Poultry, Livestock & Aquaculture

Finished poultry and fish feed plus feed ingredients for commercial farms and hatcheries.

03

Manufacturing & Industrial Processing

Industrial and specialty chemicals and raw materials supplied to manufacturers in bulk.

04

Construction, Real Estate & Infrastructure

Stone, bricks, steel and cement for contractors, developers and project sites.

05

Agriculture & Agribusiness

Agricultural chemicals and essential commodities including rice and wheat.

06

Wholesale & Distribution

Bulk supply to distributors and traders through the company's nationwide network.

What our customers rely on.

Global import network Feed ingredients, industrial chemicals and raw materials imported from trusted international suppliers across 15+ countries.	Quality assurance Every shipment checked against agreed specifications before dispatch, supported by in-house quality testing.
Own manufacturing & processing Brick manufacturing and a company-owned stone crushing facility give direct control over construction supply.	Bulk supply capability Over 1,000 tons of monthly supply, large-scale storage and 24/7 operations for high-volume orders.
Reliable supply chain Efficient procurement, secure logistics and on-time delivery across Bangladesh.	Experienced team Professionals managing sourcing, storage and logistics as one coordinated operation.
Competitive pricing Cost-effective solutions without compromising on quality or service.	Responsive customer support Customised quotations within 24 hours and a reply to enquiries within one business day.

A supply relationship, managed like a project.

S H Traders works to a simple commercial principle: understand the requirement precisely, source it from the right supplier and grade, verify it before it moves, and deliver it when it was promised. That discipline is what makes a supply partner worth keeping.

CUSTOMER-CENTRIC SERVICE

The requirement comes first

Each enquiry is matched to the right supplier and product grade rather than to whatever is in stock — with a customised quotation issued within 24 hours.

QUALITY

Verified against specification

Products are quality-checked against agreed specifications before dispatch, with in-house testing supporting bulk supply clients.

RELIABILITY

Delivery as committed

Efficient procurement, secure logistics and 24/7 operations keep tight deadlines achievable on both imported and locally produced supply.

LONG-TERM PARTNERSHIP

Built on transparency

Relationships are built through integrity, transparency and consistent service — the company's stated basis for being a trusted business partner.

"Our mission is to be a trusted long-term partner for industries, manufacturers, agricultural businesses and construction companies by providing dependable products and exceptional service."

From sourcing to delivery in four controlled steps.

A streamlined four-step process designed for consistent quality and on-time performance on every order.

01 Sourcing & Quotation The requirement is matched to the right supplier and grade, and a quotation is issued.	02 Quality Check Specification and quality verification before dispatch.	03 Bulk Supply Reliable bulk supply with consistent quality across repeat orders.	04 Delivery Timely shipping to the customer's site or facility.
---	---	--	--

QUALITY CONTROL COMMITMENT

Global Sourcing Trusted suppliers	Secure Logistics Safe transportation	Quality Inspection Product verification	Timely Delivery Reliable supply
---	--	---	---

Built for high-volume supply.

Modern warehousing and handling facilities, in-house quality testing and round-the-clock operations allow S H Traders to serve bulk requirements without compromising on quality.

1,000+ Tons

MONTHLY SUPPLY CAPACITY

24/7

OPERATIONS

Large-scale storage
facility

In-house quality testing

Bulk order capability

Clients, markets and reach.

Asia Strategic partnerships across the region.	Europe Meeting high-standard export requirements.	Middle East A growing presence in key markets.
--	---	--

Within Bangladesh, S H Traders distributes nationwide from its head office in Dhaka and its branch at Sonahat Landport in Kurigram — a land-port location that supports cross-border movement of imported material.

CLIENT FEEDBACK PUBLISHED BY THE COMPANY

"Consistently delivers high-quality feed ingredients with competitive pricing and on-time delivery." Md. Rahman Feed manufacturing company	"The industrial chemicals supplied always meet our quality expectations." Nazmul Karim Manufacturer	"Efficient logistics has helped us complete our projects on schedule." Engr. Hasan Ahmed Construction company
---	--	--

Six reasons buyers keep the relationship.

01 One partner for three supply lines

Chemicals, feed and building materials from a single accountable supplier — fewer vendors, one commercial relationship.

02 Direct international sourcing

An import network spanning 15+ countries, giving access to grades and pricing that local re-sale cannot match.

03 Own manufacturing and processing

Brick manufacturing and a company-owned stone crushing facility mean control over quality, continuity and cost.

04 Verified quality on every shipment

Specification checks before dispatch and in-house testing, with QC applied through sourcing, inspection, logistics and delivery.

05 Volume without delay

1,000+ tons monthly supply, large-scale storage and 24/7 operations behind a commitment to tight deadlines.

06 Fast, professional response

Customised quotations within 24 hours and replies to enquiries within one business day.

Our Philosophy

OUR MISSION

To deliver high-quality feed ingredients, industrial chemicals and construction materials through reliable global sourcing, efficient manufacturing and dependable distribution — creating value for customers by ensuring quality, competitive pricing and timely delivery, while contributing to Bangladesh's industrial, agricultural and infrastructure development.

OUR VISION

To become one of Bangladesh's most trusted trading, manufacturing and distribution companies — building strong global partnerships, embracing innovation and delivering sustainable solutions that support the growth of industries and communities.

CORE VALUES

Integrity Honest dealing on every transaction	Quality Specification met before dispatch	Reliability Delivery as committed	Customer Focus The requirement leads the solution
Innovation Better sourcing and better process	Sustainability Responsible long-term operation	Partnership Long-term relationships over one-off sales	Seven values as published by the company

Where the business is heading.

S H Traders' stated vision is to become one of Bangladesh's most trusted trading, manufacturing and distribution companies. The four directions below follow from the company's current activities and published intent; they are forward-looking priorities, not commitments to specific figures.

DIRECTION 01 Deepen the global supplier base Strengthen partnerships within the existing 15+ country network to widen grade availability and improve landed cost for customers.	DIRECTION 02 Grow manufacturing and processing Build further on brick manufacturing and stone crushing so more of the construction portfolio is produced in-house.
DIRECTION 03 Extend distribution depth Use the Dhaka head office and Sonahat Landport branch to serve industrial, agricultural and construction customers across more of the country.	DIRECTION 04 Formalise quality and sustainability Advance in-house testing and documentation practice in line with the company's stated values of quality, innovation and sustainability.

The ambition is straightforward: to be the supply partner industries, farms and contractors in Bangladesh keep for the long term.

Let's build a reliable supply partnership.

Send your requirement and specification, and receive a customised quotation within 24 hours. Enquiries are answered within one business day.
